### Course Content

This 18-hour course is the most comprehensive training for those who are responsible for operating clean, safe and efficient aquatic facilities. The **AFO** certification course is specifically designed to meet the needs of those working in public, semi-public and municipal pool or water park facilities. The **AFO** program offers a variety of discussion topics that will inform and educate you. The course is designed to provide information and training for both supervisory and operations personnel. Covered in the course sections are:

- Filtration
- Disinfection
- Pool Water Chemistry
- Mechanical Systems
- Seasonal Pools
- Renovations
- Modernization
- Design Considerations
- Health Department Regulations
- Facility Management
- Special Case Pools
- Heating & Energy Conservation
- CDC updates on R.W.I.'s

### Your Manual

This course features the NRPA's Aquatic Facility Operator Manual, the most complete and comprehensive publication available on pool operations. Author Kent G. Williams combines wit and over 30 years experience to clearly lead even the beginning pool manager through the often complex process of aquatic operation. The reader-friendly text is not only understandable but you will enjoy reading it.

### Instructors

The **AFO** instructor team is comprised of the top aquatic professionals in the United States. **AFO** instructors have diverse backgrounds in aquatic operations, management and chemistry and must complete a two-day training course in public presentation, speaking and technical aquatic skills. Students consistently rate their **AFO** instructors as excellent.

### Certification

*Upon successful completion of the AFO course and 50-question exam, participants will satisfy the State of Minnesota's certification requirements for Pool Operators and will also be officially certified by the National Certification Board of the NRPA.* Certification is valid for three years and is renewable through CEU credits or by taking a challenge test.

### Who should take the AFO class?

- Aquatic Directors
- Aquatic Supervisors
- Recreation Directors
- Aquatic Facility Managers
- Aquatic Maintenance Staff
- Water Park Directors
- Health Inspectors
- Aquatic Programming Personnel
- Aquatic Design Professionals
- Any other Aquatic Professionals
